to all cases of masal catarrh and diseases resulting from it.

A large number of people with catarrh experiment more or less with inexperiment more or less with inexperienced physicians, worthless drugs and patent medicines until their money is spent and nope lest of ever being able to regain or enjoy the blessings of perfect beain, the greatest deed of mankind. There are many medoub, who never will, but sixteen years' experience among this class of sufferers has taught fir. Tibbits that it is curable if taken in time and treated currectly by a competent a rectails. treated currectly by a competent arectalias. It hases time to cure it, because as a rule the patient has suffered from it for years, and the whole system has become permeated by the disease.

CAN'T AFFORD TO HEBLEGT.

If the catarrh is allowed to run un-checked any length of time, thewariably, sometimes slowly, extends down the wind pipe and into the broncels: tobes, canang oromehial catarrh or bronchitls, and at leat the lungs themselves are attacked. The health is broken down, the consti-tution weakened, and the system is left in such a condition that the victim falls an easy pray to consumption. In a great majority of cases catarrh is the cause that produces consumption, and homee no one can afford to neglect a case, however slight.
